2 SPEED TORQUE MULTIPLIER**

# Next-Generation Productivity

## Ingersoll Rand® QX Series™ Cordless 2 Speed Torque Multiplier

The innovative QX Series™ Cordless Torque Multiplier will reduce your assembly time and cost, while ensuring repeatable accuracy for all torque-critical joints. Designed with a premium Norbar™ gearbox and an efficient, time-tested closed-loop transducer, this tool will fasten the bolt, validate, and record each result, managing your total operation. The two speed multiplier maximizes your fastening productivity & reduces time by utilizing a higher speed during run down and automatically shifting to a slower speed for final torque.

### Tool Features

#### ACCURACY

Ingersoll Rand's patented closed-loop transducer control at the heart of the tool delivers precise torque and accurate, traceable results

#### TWO SPEED MULTIPLIER

Maximizes your fastening productivity by using higher speed for run down & auto shifts down to slower speed for final torque.

#### CONTROL

User-programmable configurations for torque, angle and gang count that reduces the number of tools needed for multiple applications.

#### RELIABILITY

The proven QX Series brushless motor paired with a premium Norbar gearbox for unparalleled quality.

#### COMMUNICATION

Manage cycle data, control the process, receive system status alerts and implement configuration adjustments in real time using Ethernet, Fieldbus and digital I/O.

#### COMFORT

Cordless and compact, the QX Series Multiplier allows operators to move freely without the need of bulky air or hydraulic hoses, compressors, generators or powerpacks.

### Specs

Model No.	Series	Tool Type	Torque Range (Nm)	Single/Two Speed	RPM	Length (mm)	Drive Size	Weight lbs (kg)	Communication
QXFD2TT13CPM16	QXM	Pistol	338-1350	Two Speed	25	17.3 " (439)	1"	13 (6.00)	USB
QXXD2TT13CPM16	QXM	Pistol	338-1350	Two Speed	25	17.3 " (439)	1"	13 (6.00)	Wireless

\*Weight and length do not include battery. Battery sold separately.

\*\*Requires a Process Communication Module to communicate wirelessly, sold separately.

### IQV Battery Platform

All QX Series IQV<sup>20</sup> tools are compatible with both the BL2022 and BL2012 batteries. The BL2022 is optimum for longer use applications while the BL2012 is ideal for tighter spaces and reduced weight.
