

# AIRMAN PDS655SD-4B2

PORTABLE DIESEL  
'MINERS PACK'

## 'MINERS PACK' INCLUDES:

- Starter isolator
- Battery isolator
- Fire extinguisher
- Emergency stop button
- CAT jump start
- Forklift pockets
- Wheel nut indicators

## AIRMAN 655CFM 7-BAR DRY AIR PORTABLE DIESEL COMPRESSOR MINE SPEC PDS655SD-4B2

Airman PDS655SD-4B2 supplies dry air with low humidity and supplies dry service air effortlessly at atmospheric temperature +40°C. One of the world's largest manufacturers of diesel compressors, featuring superior engineering, their products are well suited to Australia's climatic conditions. It is built on to a wagon wheeled undercarriage which is designed for easy mobility. Built to last, the PDS655SD-4B2 comes with a durable and reliable undercarriage that can withstand wear and tear for extended periods of time. The powerful HINO engine of Airman PDS655SD-4B2 is connected straight to the air end to enhance power transmission and noiseless operation.

### SPECIFICATIONS

Pressure (bar)	7
Pressure (psi)	100
Capacity (CFM)	655
Compressor Capacity (L)	80
Discharge Air Temp (°C)	Atmospheric +20
Air Outlet Valve	3/4" (x2) 2" (x1)
Air Cooling	Aftercooled
Dimensions LxLxh (mm)	3,650 x 1,685 x 2,070
Weight (Wet/Dry) (kgs)	3,120/3,460
Engine	HINO JOBC-V
Type	Direct-injection
Power (kW)	118
Fuel Tack Capacity (L)	270
Fuel Cons. - No Load (L/h)	10
Fuel Cons. - 50% Load (L/h)	17.5
Fuel Cons. - 75% Load (L/h)	22
Fuel Cons. - Full Load (L/h)	32
Noise Level dB(A) @ 1m	73
